OTHER EMPLOYMENT

PRIVATE PRACTICE, Chapel Hill, NC and Pittsburgh, PA
January 2008-June 2017

Public policy analysis and legal work for nonprofit organizations. Representative work included drafting Marcellus Shale gas green lease guide to assist landowners in responding to natural gas development; developing land conservation and project commercialization strategies for statewide environmental group; drafting pleadings for citizen groups in state utilities commission proceedings advocating for energy efficiency and renewable energy; and creating strategy for environmental groups to challenge construction of new coal-fired power plants based on financial and regulatory risks.

THE HEINZ ENDOWMENTS, Pittsburgh, PA
Breathe Project Coordinator, February 2012-February 2014

Led The Heinz Endowments team implementing the Breathe Project, a public-private-nonprofit initiative to improve air quality in western Pennsylvania. Developed clean air and energy projects and events with local nonprofits, government, corporations, and citizen groups. Built coalition of individuals, companies, nonprofits, and government entities to initiate clean air projects; advised on and supported projects undertaken by coalition members that improve air quality, reduce energy use, or increase use of renewable energy. Worked with The Heinz Endowments' grantee organizations to maximize their effectiveness

in clean air, clean energy, and sustainable development education and advocacy work. Made grants supporting new programs furthering Breathe Project goals.

FOGNANI & FAUGHT, PLLC, Denver, CO
Of Counsel, January 2008-February 2012

Project work in environmental and land use law for corporate and nonprofit clients. Representative projects included defense of university relating to waste disposal site; legal analysis to support land development application for major controversial residential project in Aspen, Colorado; title work for large oil and gas properties in Rocky Mountain West; drafting of initial environmental and social protection regulations for mining activities in Afghanistan under World Bank contract; and legislative analysis/drafting of water quality and natural resources bills in state legislature and U.S. Congress.

SOUTHERN ENVIRONMENTAL LAW CENTER, Chapel Hill, NC
*Senior Attorney and Director, Healthy Air and Energy Program,
March 2004-December 2007*

Led Clean Air Act, clean energy, and climate change law and policy advocacy program for environmental advocacy organization covering six southeastern states. Managed program attorneys, developed policy and litigation campaigns to cut air pollution from mobile and stationary sources, represented citizen groups in policy-forcing litigation and negotiations. Participated in state utilities commission dockets on behalf of citizen groups advocating for energy efficiency, better resource planning, and decreased reliance on coal-fired power plants. Worked with EPA, state agencies, industry leaders, national environmental and energy groups, and other stakeholders on air, energy, and climate change issues. Held seat on North Carolina Climate Action Plan Advisory Group. Secured program funding from foundations and individual donors through grant applications and presentations to funder groups.

JEFFERSON COUNTY ATTORNEY'S OFFICE, Golden, CO
Assistant County Attorney, June 1999-February 2004

Land use attorney for county in metropolitan Denver area with 500,000 residents. Counseled Board of County Commissioners, Planning Commission, and Planning and Zoning Department on all aspects of land use and administrative law, including zoning, subdivisions, special districts, intergovernmental agreements, annexations, rural clusters, siting of public facilities, mineral operations, telecommunications facilities, threatened and endangered species, growth controls, open records, public meetings. Acted as hearing counsel during extensive public hearings. Analyzed and participated in formulation of County positions on pending state and federal legislation, as well as in drafting new legislation. Drafted and reviewed land use-related regulations and policies. Litigated land use appeals. Represented County-owned conference facility in contractual matters. Representative on Citizens Advisory Board for redevelopment of the 4,700-acre former Denver-Stapleton airport site into new urbanist community of 30,000 residents.

DORSEY & WHITNEY LLP, Denver, CO
Attorney, June 1996-June 1999

Practiced environmental, natural resources, and land use law with special expertise in federal land exchanges, easements, rights of way, leases. Counseled government and domestic/international industry clients on issues arising under federal, state, and local environmental and land use authorities, oil and gas laws, mining laws, and National Environmental Policy Act. Conducted environmental due diligence for large corporate transactions, drafted environmental portions of transfer documents for large corporate transactions, oversaw permit transfers, lease assignments, and other aspects of corporate transactions.

HOLLAND & HART LLP, Denver, CO
Attorney, September 1993-June 1996

Developed primarily environmental and natural resources practice in both transactional and litigation settings. Analyzed issues relating to land exchanges, extraction, and other uses of federal lands. On behalf of group of potentially responsible parties, analyzed and negotiated cost-recovery claims relating to cleanup of large hazardous waste site. Analyzed legal issues relating to commercial transactions and disputes, drafted pleadings and briefs for variety of

litigation clients. Represented citizen groups in national forest access and rights-of-way issues. Represented Native American tribes in negotiations with federal government agencies.
